Range Map

Rowan County Wildlife Association

650 Majolica Road
Salisbury, NC 28147
([Directions](#))

****5 MPH Speed Limit****

Range Facilities

Restrooms

Portable toilets are located throughout the range.

Speed Limit

Please observe the 5mph speed limit on the range.

Parking

Parking is permitted in the areas designated on the range map. Please DO NOT block entrances to the bays. When parking on the bay side of the lot, please leave plenty of room in front of your vehicle for competitors to pass.

Spectators

Spectators are welcome on the range. All spectators must have the appropriate eye and ear protection at all times. Children must be under the direct supervision of a parent or guardian at all times. No climbing on berms or props.

Match Information

Match Book

This match book is being offered to all competitors in a digital format. Printed copies will not be available at the range. This match book is subject to change up until the first shots fired.

Range Rules & Range Safety

Rowan County Wildlife Association is a **COLD** range during all shooting events. There shall be no handling of firearms unless you are in a designated Safety Area or under the direction of a Range Officer. Cars are not safe areas. All firearms must be in a bag, box, holster, etc. at all other times. No ammo, snap-caps, dummy ammo, etc. will be handled in the safe areas. There are no exceptions. Open containers of alcohol are not permitted on the range at any time.

Sanctioned Match

This match is a sanctioned Level I USPSA event. This match will operate under the rules published in the most recent edition of the USPSA Competition Handgun Rules. There will be no classifier stage.

Lost Brass Policy

All brass collected during this match will be distributed among the Range Officers as thanks for their hard work. Please do not collect your brass from the stages.

Walking Stages

Stages are considered closed and off-limits unless permission has been granted by the stage staff to walk the stage. In the event that the CRO/ROs are not present on the stage, the Range Master can also grant permission.

Stage Inspection Policy

Per rule 8.7.4, no person is permitted to enter or move through a course of fire without match staff present to supervise competitor actions during stage inspection unless the Range Master has specifically approved inspection of the stages with no staff present. Without match staff present or specific approval, the course of fire is to be considered closed or off limits. Altering stage props, targets or any other part of a COF without the approval of the Range Master is subject to the provisions in Section 10.6.

When a squad is assembled at the scheduled time, the stage briefing will be given followed by a four-minute inspection and question period. Only competitors at their scheduled stage may negotiate obstacles during the inspection period. The on-deck competitor alone may additionally negotiate obstacles, and only while the previous competitor's targets are being scored. Early inspection of the stage is permitted by competitors, but only if a squad is not currently on the course of fire. Do not operate any of the moving targets or props. All props are off-limits at all times.

Registration and Match Fee Payment

Registration and match fee payment for all competitors will be done at Bay 1 (Stages 1/2). All competitors should check in and pay the match fee at registration prior to shooting. All squadding will have been completed online prior to the in-person registration process. The stats personnel will **NOT** be able to move any competitors to a different squad during the in-person registration process.

Registration Times

Saturday:

AM Squads: 9:00 AM - 10:45 AM

PM Squads: 1:00 PM – 1:30 PM

Verification of Competitor Information

It is the responsibility of the competitor to make sure that all registration information is correct before or at registration. If there are any mistakes, you must let the stats team know immediately at registration.

Match Schedule

Competitors must compete for score according to the published match and squadding schedule. Shoot through privileges can not be accommodated. A competitor who is not present at the scheduled time and date for any stage may not attempt that stage without prior approval of the Range Master. Failing to shoot a stage at the

scheduled time will result in the competitor receiving a zero for that stage (6.5.1). Occasionally, stages will clear squads early. If an entire squad is present and all competitors and staff agree, the squad is permitted to start early.

Shooting Start Times

- Sat (AM) - 10:00 AM
- Sat (PM) - 1:30 PM

Scoring

The match will be paperless. Scores will be recorded on tablets. The competitor or their designee must press the “Approve” button on the tablet. Rule 9.7.3 will be enforced, if needed, to ensure match integrity is upheld.

Match Results

Unofficial match results will be posted to the Practiscore website periodically throughout the match. Final (official) match results will be posted to the USPSA website.

Per 9.8.3, if a competitor detects an error in the provisional results at the end of the match, they can file an appeal with the Stats Officer no later than 1 hour after the results are posted. If the appeal is not filed within 1 hour, the appeal will be dismissed.

Awards & Recognition

The winner of each division with at least 5 competitors will be recognized with a trophy provided by **SPECTRAIN**.
